Dear Captain Enochson,

I write today to express the support of the 12,500 pilots of United Airlines in your current dispute with SAS Airlines management. While the global airline marketplace has become more competitive, the basic principles of maintaining a worthwhile career and terms and conditions that promote a high quality of life for pilots should never be part of the competition.

It is unconscionable that SAS management has laid off 560 pilots, has set up new companies, and is forcing pilots to re-apply as they seek to evade business transfer laws. We will inform United management of our desire to support our fellow pilots in accordance with your requests.

In unity,
